Words I like to live By: Start by doing what's necessary and then what's possible.
Pretty soon you're doing the impossible!

I think a lot about: Amy: How we can bring agriculture together to have a more effective voice

If I was told I only had 24 hours to live, I would: Write a letter to all of my kids and my sweetheart Mike, hang out in my backyard with my family, pray, eat, drink, and be merry!
