I try to avoid the number 8.

I refuse to eat squash and olives.

I'm happiest in my free time when I'm landscaping with my loader

Marg

If I was told I only had 24 hours to live, I would visit the kids and the grandkids for hugs and goodbyes.

I'm happiest in my free time when I'm having an early morning coffee, outdoors as the sun rises.

My prophecy for 2025 – Perhaps a “first” great grandchild.
